ABOUT ME

A passionate web developer with a penchant for creating elegant and functional online solutions. Aiming to participate in the entire development process and expand my current skills at the same time. Problem solving is one of my driving forces to expand my competencies.

PROJECTS

TOUR

Next.js, React, MongoDB, TailwindCSS

Tour is an interactive map where you can find interesting places to visit during a weekend trip! It displays more than 1000 places using canvas layer.

CRYPTOTRACKER

React, Redux, TailwindCSS

This is a cryptocurrency price tracking application that was built using Coingecko Api and is a PWA web application. It shows the latest price of all cryptocurrencies.

QUIZ-APP

Laravel, Livewire, MySQL

Quiz App is an interactive application that allows users to create and solve quizzes on various topics. With a simple interface, users can easily add questions, test their knowledge and compete with other people.
